

## **KW Anesthesia Non OHIP Out of Country Obstetrical Fees**

November 02, 2023

To all Obstetricians and Midwives:

Patients who are Out of Country patients should be aware that their medical needs are not covered by OHIP and that they must pay their Anesthesiologist directly for uninsured services.

Patients can bring payment the day of their procedure. Cash, cheque payable to the Anesthesiologist, Interac e-Transfer, Debit or Credit Card are acceptable forms of payment. The attending Anesthesiologist will provide an email address to the patient the day of surgery if paying by Interac e-Transfer. A receipt can be issued for all forms of payment.

**Elective procedures will be cancelled for nonpayment at the discretion of the attending Anesthesiologist.**

The KW Anesthesia Group will charge the following flat rates:

Epidural: \$1000  
Elective C-Section: \$1200  
Attendance at delivery \$400  
Consult: \$300  
Assessment: \$80

The above rates are at the discretion of the Anesthesiologist and subject to change (e.g. unanticipated complication).

Further questions may be directed to the Chief of Anesthesia.
