

WHAT DO STUDENTS THINK OF GRAND RIVER HOSPITAL?

From 2019-2020 over 850 student learners worked in GRH. Here's what they had to say:

LEARNING ENVIRONMENT

94% of respondents said that their supervisor created a supportive learning environment where they could safely ask questions and take initiative.

"My placement coordinator created opportunities for me to test my skills, learn about best practices, and experience meaningful patient care. She challenged me to learn as much as I could with my time at GRH"

PART OF A TEAM

50% of respondents said that they felt that the people they worked with accepted them and made them feel like they belonged to a team.

"All the nurses that I worked with were so kind and open to showing us new skills and answering our questions! They would give us as much learning as possible and for the most part were supportive of helping us and making us feel supported to try new things. Very positive and fun workplace that is professional and educational, I saw tons of great patient care that I could learn from and look up to!"

SAFETY ON THE JOB

96% of respondents said they felt they had access to all the required personal protective equipment to complete their placement safely and efficiently.

"Overall, an excellent experience and considering that we are living in a pandemic, I felt safe and appreciative of being able to learn in a clinical setting."

CONFIDENCE

76% of respondents felt confident about going into the workforce after their placement.

"I felt that it was a comfortable and safe environment to learn in. It would be a privilege to be able to work somewhere within the facility someday."

RECOMMENDATIONS

94% of respondents would recommend a placement at Grand River Hospital to their peers.

"I work at GRH and this is my second clinical placement. I am exceptionally grateful and would highly recommend this hospital to my peers. Incredible learning experience."

ADDITIONAL FEEDBACK

Below are a few additional comments from our students:

"Overall, my experience was exceptional. I thoroughly enjoyed my time on the unit, I learned more on the clinical unit than any textbook could have taught me. Therefore, with the help of my tutor and my own competency and growth throughout the semester I feel extremely prepared and ready for what the future is going to bring."

"Overall, I have a good impression about GRH and hope to work in the future this facility. Also, my instructor was so nice and professional. I have learned many things."
